42" round with Corian top

Future Corian Ottoman options being considered:

Different or suggested sizes
Laminate top instead of Corian top

The Corian Ottoman was created for a college in the Midwest that was looking for a piece designed for multi-purpose use that would also support a cellular type of layout for their common areas. These ottomans serve as functional furniture because of their Corian table tops, allowing students to set their drinks and books on them or just rest their feet awhile.
