St. Claire was designed by an east coast college that came to us with an existing design currently in use. The college recognized the benefits of our 35-year warranty, tool-less assembly/disassembly, and 100% removable covers, but needed to meet an aesthetic standard that was currently in place. We based our design on the college's desires, but tweaked it to add finesse where their current product lacked. The end result was a happy customer with a custom-designed product that is much more functional than their previous furniture option.
